Oral Presentation

H Analysis in Zircaloy Tube Using Laser Plasma Technique as a Inspection Tool to Monitor Zr-Tube Disintegration Upon Earthquake Shock <i>Koo Hendrik Kurniawan, Syahrin Nur Abdulmajid and Kiichiro Kagawa</i>	1
Determination of Optimum Condition in Desalination of Brackish Water using Polyurethane Membrane after the Tsunami in Aceh Province, Indonesia <i>Marlina, Hizir Sofyan, Sitti Saleha, Suhendrayatna</i>	10
Analysis of Some Heavy Metals and Physico-Chemical Parameters in Community Shallow Wells in Krueng Raya Aceh Besar District Nanggroe Aceh Darussalam (NAD) after Tsunami Disaster <i>Rinaldi Idroes, Marlina and Frida Oesman</i>	15
Review on Distillery Wastewater Treatment Situation in Myanmar and its Potential <i>Theingi Ye Myint</i>	19
Development Mixed Matrix Membrane Absorbers for Removing Endotoxin in Water <i>Saiful, Z. Borneman, M. Wessling</i>	25
The Production of Biodiesel from Waste Chicken Fats using Heterogeneous Calcined Calcium Carbonate Catalyst <i>Amir Awaluddin, T. Ariful Amri, Saryono, Ella Pandia, and Wahyuni</i>	32

Water, Sanitation and Hygiene (WASH) Knowledge, Attitude and Practice (KAP) Assessment of Acehnese People after Tsunami <i>Tilaili, Sofia, Nurjannah</i>	36
Heavy Metal Concentration Measurement in Natural Building Materials by Means of Laser Induced Breakdown Spectroscopy <i>Francesco Colao, Nasrullah Idris, Roberta Fantoni and Maria Pilar Ortiz</i>	41
Biosorption of Cd(II) and Cr(VI) by Dried Seagrass Biomass of <i>Thalassia hemprichii</i> Found in Barranglombo Island, South Sulawesi <i>Nursiah La Nafie, Paulina Taba, Dahlia Indahsari, Andi Saidah Pratama</i>	47
The Affectivity of Phytoremediation using <i>Ipomea Reptans</i> in Reducing Cu, Cd and Pb Content Grown in Sludge Paper Waste <i>T. Ariful Amri and Amir Awaluddin</i>	52
Development of Low Cost Soil Sensor Based on Impedance Spectroscopy for in-Situ Measurement <i>Lazuardi Umar, Defrianto, Ari Sulisty Rini</i>	55
Variation on Growth, Genetic Gains and Biomass Productivity of Introduced Indonesian Timor Mountain Gum (<i>Eucalyptus urophylla</i> ST. Blake) in Thailand <i>Indi Hendraswari and Suree Bhumibhamon</i>	59
Impact of Mangrove Forests Degradation on Fisherman Income and Fish Catches Diversity in Eastern Coastal of North Sumatra, Indonesia <i>Onrizal, Agus Purwoko, Mashhor Mansor</i>	70
Development of Community Based Forest Management in Northern Thailand Case Study at Nong Chin Community Forest, Chiang Rai Province <i>Dedy Hadriani and Suree Bhumibhamon</i>	75
The Condition of Disturbed Nipah Mangrove Forest (<i>Nypa fruticans</i> Wurmb.) Based on the Structure and Composition of Vegetation at Pulau Rimau District in Banyuasin Regency South Sumatra Province <i>Dwi Puspa Indriani, Hanifa Marisa, Zakaria</i>	83
Reef Fish Status in Northern Acehnese Reef Based on Management Type <i>Edi Rudi, Syamsul Rizal, Sayyid Afdhal Elrahimi, Tasrif Kartawijaya, Yudi Herdiana, Fakhrizal Setiawan, Shinta T. Pardede, Stuart J. Campbell, Jerker Tamelander</i>	90
The Community Structure of Mangrove in Bukit Batu Bengkalis, Riau <i>Khairijon, Sugiarto, Dessy Hastuty</i>	97

The Natural Regeneration Ability of Disturbed Nipah Mangrove Forest (<i>Nypa Fruticans</i> Wurmb.) Based on the Density and Distribution of Seedlings at Pulau Rimau District in Banyuasin, South Sumatra <i>Dwi Puspa Indriani, Sarno, Rica Agustina</i>	102
Effect of Counterions of Potassium Salts on Critical Micellization Concentration (CMC) of Saponin <i>Ali Amran</i>	107
Water Quality Assessment in the Tsunami-Affected Areas of Meulaboh <i>Suhendrayatna, Muhammad Zaki, and Elvitriana</i>	110
Phylogenetic Study of <i>Mangifera laurina</i> and its Related Species Using cpDNA <i>trnL-F</i> Spacer Markers <i>Fitmawati</i>	115
Improving Urban Environment by Green and Clean Competition <i>Maria Prihandrijanti and Tuani Lidiawati S</i>	119
Repellency of Extract <i>Vitex Trifolia</i> to Mosquito in Lotion Formula <i>Mustanir, Rosnani Nasution, and Marianne</i>	123
Land Use of Tsunami Disaster Area for Guava Plant and the Beneficial of its Metabolic Activity (the Effect of Manganese and Guava Leaf Extraction on Growth of <i>Fusarium Spp</i>) <i>Dj. Rosmaidar, Tj Chamzurni and I. Ismayani</i>	127
The Diversity of Bacterial Community in Semiarid Savanna Soils: Anthropogenic Determinants <i>Delita Zul, Eva Romann, Bärbel U. Fösel, and Jörg Overmann</i>	132
Carbon Stock and Macrobenthic Fauna Diversity at Various Land-use of Mangrove in North Sumatra, Indonesia <i>Onrizal, Fridolin Hutabarat, Ternala Alexander Barus, Mashhor Mansor</i>	141
The Design and Fabrication of High Quality Optical Devices using Porous Silicon <i>Suhrawardi Ilyas</i>	148
Monitoring of Thermal Stratification and Removal of Metals by Aeration Technique in a Tropical Climate Reservoir <i>Noor Halini Baharim</i>	152
NMR Study of Adsorbed Sodium Dodecylbenzene Sulphonate (Sdbs) in Mcm-41 Materials <i>Paulina Taba</i>	156
Optical Properties of Soft Coral Species in Tropical Marine Waters <i>Nurjannah Nurdin and Chair Rani</i>	160

Temperature and Humidity Measurement Instrumentation Based on Colpitts Oscillator <i>Khairul Amri</i>	166
Characteristics of Nd-doped Silica Fibre as a New Generation TL-Dosimeter Used for Ionization Radiation <i>Rini Safitri</i>	173
Spectral Mapping and Spectral Indices on Hyperspectral Remote Sensing Data to Identify the Distribution of Plant Growth <i>Sugianto</i>	177
Characteristics of Leachate from Gampong Jawa Landfill Site <i>Elvitriana and Suhendrayatna</i>	182
Effect of Modifier on the Extraction of Phospholipid Fatty Acids from Activated Sludge with Supercritical CO ₂ <i>Muhammad Faisal, Muhammad Hanif, Yoichi Atsuta, Hiroyuki Daimon</i>	185
Development of Local Economy After Tsunami: The Role of Foreign NGO's <i>Teuku Erwansyah, Hamzah Jusoh, Abd. Hair Awang</i>	189
A Conceptual Framework to Achieve Sustainable Outcomes (for Recovery Development in the Regions Affected by Natural Disaster) <i>Nelson Siahaan, Esther Nababan</i>	193
Inappropriate Land Use in the Coastal Tripa Peat Swamps on the West Coast of Aceh <i>Denis Ruyschaert, Ian Singleton, and Susilo Sudarman</i>	201
System Interrelationship Model toward Better Resource Management Decision-Making <i>Esther Nababan, Nelson Siahaan</i>	206
The Potency of <i>Pentent Ie</i> (Achehnese, <i>Barringtonia racemosa</i> (L.) Spreng) as Molluscicide of <i>Pomacea</i> Species (<i>Ampullariidae</i>) <i>Musri Musman</i>	211
Freshwater Inflows Modeling using SWAT <i>T. Ferijal and Patricia K. Smith</i>	214
Implementation of Cleaner Production in Indonesian Hospitals through Safe Healthcare Waste Management <i>Sri Irianti, Cordia Chu, Philip Williams and Sunil Herat</i>	222
A Tropical Diseases Monitoring System for Nanggroe Aceh Darussalam using Spatio Temporal Information Automatically Extracted from the Web: Design and Preliminary Results <i>Taufik Fuadi Abidin, Muhammad Subianto, Muzailin Affan, Ridha Ferdhiana</i>	227

Computational Optimal Harvesting Control for Sustainable Fish Stocks <i>Said Munzir</i>	232
Ecological Risk Assessment of Oil Spill in Jakarta Bay Waters (JBW) <i>Agus Salim</i>	236
Improving Accuracy of DEM using ALOS Data Level for Disaster Mitigation Activities <i>Bambang Trisakti, Muzailin Affan</i>	243
Instability Classification using AdaBoost: A Case Study of Indonesia Demographic and Health Survey <i>Muhammad Subianto</i>	247
Suspended Sediment Pattern in the Coastal Region of Muda River Mouth, Malaysia <i>Tan Fuyi, Muhammad Syukri, and Md Noordin Abu Bakar</i>	253
Study of Several Implemented Web-based Applications for Dissemination and Distribution Spatial Data in Supporting Rehabilitation and Reconstruction Process in Aceh-Nias <i>Nizamuddin and Hidehiro Ishizuka</i>	256
A Preliminary Statistical Study of Investigation Possibility Rainfall Earthquake Precursory Parameter, Sumatra Subduction Zone Case Study <i>Irwandi, Muksin, Muhammad Syukri, Amir Fauzi, Hizir Sofyan</i>	263
Absorption Features Analysis of Carbonate Mineral Spectra in the Shortwave Infrared as a Proxy for Assessing Dolomitization Patterns and Its Application in Hyperspectral Remote Sensing <i>Nasrullah Zaini, Freek van der Meer, and Harald van der Werff</i>	270
An Autonomous Wireless Sensor Modul for Forest-Fire Detection in Sumatera <i>Lazuardi Umar</i>	276
Conservation and Breeding of Orang Utan (<i>Pongo Pygmaeus</i>) at Tasik Bukit Merah, Perak, Malaysia <i>Mashhor M., Sabapathy D, Siti Nabilah M.T. and Shahrul Annuar M.S</i>	281
Notes on Vegetation of Toba Highland Peats <i>Taufiq Siddiq Azvi and Mashhor Mansor</i>	283
Platinum Complexes of Carbaboranylphosphine: Potential Drug for Cancer Caused by Environmental Problems <i>Ilham Maulana, Peter Loennecke, Evamarie Hey-Hawkins</i>	287

Strategies of Habitat and Resources Used by Sumatran Elephants (<i>Elephas maximus sumatranus</i> Temminck, 1847) Using Geographic Information System <i>Abdullah, Djoko T. Iskandar, and A.Sjarmidi</i>	294
Barriers to the Implementation of Sustainable Healthcare Waste Management in the Disaster Affected Areas of Nanggroe Aceh Darussalam Province <i>Sri Irianti</i>	298
An Optimal Dimension of Merged 2-Parallel Bars as A Wave Breaker <i>Marwan</i>	304
Poster Presentation	
Hydrogen Storage Properties of MgH ₂ Alloys Produced by High Energy Ball Milling Method <i>Adi Rahwanto, Mustanir, Fauzi and Zulkarnain Jalil</i>	308
New Modification Metode for DNA Extraction and Purification to Plant Specimen Herbarium of Pandanaceae <i>Fitmawati</i>	311
Quality Analysis of Refill Drinking-Water in Banda Aceh City Indonesia <i>Frida Oesman, Rinaldi Idroes</i>	313
Phenotypic and Molecular Characterization Crude Oil Hydrocarbon Degrading Bacteria Noted as ICBB 3 Isolated from Black Water Ecosystem Central of Kalimantan <i>Rodesia Mustika Roza, Dwi Andreas Santosa dan Ratna Siri Hadioetomo</i>	316
Risk Management to Provide Clean Water for Achenese People Post Tsunami <i>Marlina, Siti Saleha, Muliadi Ramli</i>	318
Analytical Implications of Sample Hardness in Laser-Induced Breakdown Spectroscopy (LIBS) <i>Nasrullah Idris, Francesco Colao, and Roberta Fantoni</i>	320
Design of Wireless Prototype for Monitoring of Human's Physical Activity Using 3D Accelerometer Sensor <i>Edwar Iswardy, Sastra Kusuma Wijaya</i>	322
Antifungal Spectra of Activity of Actinomycetes Strains Against <i>Rhizoctonia solani</i> <i>Tetty Marta Linda, Atria Martina, Juni Sinaga, Rodesia M.R, Gulat ME</i>	325
