

TABLE OF CONTENTS

Table of Contents	iii
ASEAN-Japan Build-Up Cooperative Education Program for Global Human Resource Development in Earth Resources Engineering <i>Koichiro Watanabe</i>	1
Several Strategies for Oil and Gas Exploration in Indonesia <i>Sugeng Sapto Surjono</i>	3
Advanced Jig Separation Technology for Resource Recycling and Mineral Processing <i>Mayumi Ito, Naoki Hiroyoshi and Masami Tsunekawa</i>	13
Efficient Mineral Taxation for Sustainable Mining Investment <i>Thitisak Boonpromote and Pinyo Meechumna</i>	19
The Mineralogy of The Copper - Gold Ore Deposits at The Phu Kham, Mine, Laos <i>Vongsavanh Soysouvanh, Kamar Shah Ariffin, Koichiro Watanabe, Nhinxay Visane</i> ...	20
Styles of Iron Ore Mineralization at The Schwaner Mountains Area, Southwest Kalimantan, Indonesia <i>Kyaw Zin Lat</i>	25
Study on The Sustainable Sand Removal/Mining Capacity of Sungai Perak, Pendiati <i>Ismail Abustan, Mohd Ashraf Mohamad Ismail, Mohd Remy Rozainy Mohd Arif Zainol and Kamar Shah Ariffin</i>	39
Electrical Resistivity of LNAPL-Contaminated Sand and Clay in Cylindrical Tube and Mini-Tank Laboratory Experiments <i>Umar Hamzah, Tan Chin Lee, Atikah Ali, Amir Asyraf Sulaiman, Abdul Rahim Samsudin and Wan Zuhairi Wan Yacob</i>	40
Gold Prospecting Assessment by Geochemical Survey of Rattanakiri Province, Cambodia <i>PHAT Boné and LIM Pagna</i>	52
Styles and Characteristics of Precious And Base Metal Mineralization at The Southern Part of West Java Region, Indonesia <i>Arifudin Idrus, Fadlin, Resty Intan Putri and Mahajana Hatmanda</i>	53
Study on Tailing Disposal Method in Nahai-Nakadok Gold Ores Processing Plant, Lao.P.D.R <i>V. Banthasith, K. Phonhalath, L. Addy, and K. Anou.</i>	67
Unsaturated Soil Attenuation for Copper, Case Study: Mantrijeron District, Yogyakarta, Indonesia <i>P. Xaixongdeth, T. Sato, H. Hendrayana, and D. P. E. Putra, D. Karnawati</i>	68
The Opportunities of Sedimentary Basins for CO₂ Geological Storage in Cambodia	

<i>Chanrithyrouth Mao, Yasuhiro Yamada, Toshifumi Matsuoka</i>	69
Coastal Erosion And Accretion Assessment And Inundation Risk Zone Mapping Along The South West Coast Of Kanniyakumari, Tamil Nadu, India Using Remote Sensing Technique	
<i>N. Chandrasekar, S. Kaliraj</i>	75
Reframing The Central Philippine Evolution From New Ophiolitic Sequence Discoveries	
<i>Decibel V. Faustino-Eslava, Graciano P. Yumul Jr., Carla B. Dimalanta, Americus d.C. Perez, Rodolfo A. Tamayo Jr., Karlo L. Queaño, Noelynna T. Ramos, Karizz Anne Morante, Julius Judan, Rose Ann B. Concepcion, Jenielyn T. Padrones and Edanjarlo J. Marquez</i>	92
Landslide on Lo Xo Pass Route in Kon Tum Province (Southern Vietnam) and Mitigation Solutions	
<i>B. T. Vinh, L. T. Phong, H. T. Tin, T. T. M. Tri, N. M. Trung</i>	93
Arsenic Adsorption Performance of Lignite in Saturated Column Experiments	
<i>K.K. Mar, D. Karnawati, Sarto, D.P.E. Putra, T. Igarashi, C.B. Tabelin</i>	106
Estimation of Ground Motion Characteristics in Yogyakarta, Java, Based On The H/V Spectral Ratio of Microtremor	
<i>Zaw Lin Kyaw, Subagyo Pramumijoyo, Salahuddin Husein, Teuku Faisal Fathani and Junji Kiyono</i>	115
Evaluation of Geological Condition Ahead of Tunnel Face Using Tunnel Seismic Prediction Method (TSP)	
<i>Mohd Ashraf Mohamad Ismail, Romziah Azit, Naufal Bakhudin, Zulkifli Nordin</i> ...	129
Identification of Ancient Channel of Lahar Deposit Using Georadar	
<i>Elmo, Agung Harijoko and Saptono Budi Samodra</i>	141
Parametric Study of Models for Soil-Water Characteristic Curve of Sands	
<i>Suched Likitlersuang and Maria Emilia Pambid Sevilla</i>	142
Reliability of Wenner Er Tomography and Satellite Image Techniques in Recognizing And Assessing Geohazard Development Subsurface Carbonate Karst Features In Selected Construction Sites In (Kinta Valley) Perak, Peninsular Malaysia	
<i>A Riyadh R. Yassin, Samsudin Hj Taib, Ros Fatimah Muhammad</i>	149
Preliminary Study of Liquefaction Susceptibility Mapping in Karangtalun, Imogiri, Yogyakarta, Indonesia	
<i>Wawan Budianta, Alfredo Di Stefano, Yogy Prasetyo Kurniawan</i>	151
Lineament Extraction and Analysis with Comparison of Kriging and Inverse Distance Weighted (IDW) Interpolation Method	
<i>Agung Setianto, Tamia Triandini</i>	152
Removal of Cooper from Batik Liquid Waste Using Lignite	

<i>Wahyu Wilopo, Doni Prakasa Eka Putra, Tsuyoshi Hirajima</i>	161
Engineering Applications of Coal Ash from Coal Fired Power Plants in The Philippines	
<i>Irene Olivia Ubay - Anongphouth, Ronaldo Gallardo, Jonathan Dungca</i>	166
Characterization Techniques for Clay Minerals of Cambodian Soils	
<i>BUN Kim Ngun and Zainal Arifin Ahmad</i>	181
Pahang-Selangor Interstate Raw Water Transfer Project: Design of Water Conveyance Tunnel TBM-1, Karak, Pahang	
<i>Afikah Rahim, Hareyani Zabidi</i>	182
Evaluation of Rock Mass Quality Based On Rock Mass Rating (RMR) Method for Tunnel Construction in Piyungan-Patuk Area, Yogyakarta, Indonesia	
<i>Phanthoudeth Pongpanya, Wahyu Wilopo, Dwikorita Kamawati</i>	183
Effects of Long Period, Long Distance Earthquakes to Mega-City	
<i>Junji Kiyono</i>	196
Groundwater Resources in Malaysia: Present and Future Challenges	
<i>Ismail Yusoff</i>	206
Concentration of Elements in Chemical Sedimentary Rocks Related to Changes in Earth's Surface Environments	
<i>Tsubasa Otake</i>	207
An Analytical Study on The Effect Of Weak Layer on The Long-Term Behavior of Tunnels	
<i>Jun-ichi Kodama, Yoshitaka Mitsui, Daisuke Fukuda, Yoshiaki Fujii, Paul Hagan</i> ...	208
The Geometry of Aquifer System in The North Lower Slope of Bromo Volcano, East Java, Indonesia	
<i>Doni Prakasa Eka Putra and Heru Hendrayana</i>	217
Seismic Refraction Survey in The Study of Alluvial Aquifer at Pulau Tuba, Langkawi	
<i>Umar Hamzah, Nur Izzi Md Yusuf, Goh Khean Seong, Zakaria Husin, Abdul Rahim Samsudin, Sinanawati Marto and Abdul Ghani Rafek</i>	226
Groundwater Geochemistry Characteristic at Tanjung Mas Wellfield Using Chemometric Techniques	
<i>Ismail Tawnie, Anuar Sefie, Mohd Yusuf Che Sulaiman, Ismail Yusoff, Hafizan Juahir, Saim Suratman</i>	233
Fractured Groundwater Investigation	
<i>Nur Islami, Samsudin Taib, Ismail Yusoff</i>	245
To Estimates Sediment Thickness By Microtremor Single Station Measurements in Palu City Area, Central Sulawesi, Indonesia	
<i>Pyi Soe Thein, Subagyo Pramumijoyo, Agung Setianto, Wahyu Wilopo</i>	257

Geochemical Characteristics of Metamorphic Rocks From South Sulawesi, Central Java and South-West Kalimantan in Indonesia <i>Nugroho Imam Setiawan, Yasuhito Osanai, Nobuhiko Nakano, Tatsuro Adachi, Kazuhiro Yonemura, Aya Yoshimoto, Lucas Donny Setiadji, Kaharuddin Mamma, and Joko Wahyudiono</i>	263
Extraordinary Slope Failures at Mae Moh Mine, Thailand <i>Pipat Laowattanabandit</i>	280
Geological Mapping, Stability Assessment and Recommended Stabilisation Measures for A Major Cut Slope in Highly Weathered Granite - A Case Study From Penang, Malaysia <i>Tajul Anuar Jamaluddin, Hamzah Hussin and Mohd Danial Hariz Mohd Azir</i> ...	281
“Death Hole” In Ho Chi Minh City: Causes and Solution <i>N. V. Ky, ME. C. D. Thang, E. H. N. Truong</i>	282
A Comparative Analysis of Different Rock Mass Classification Systems Used for The NATM 1, Pahang-Selangor Raw Water Transfer Tunnel <i>Romziah Azit and Mohd Ashraf Mohamad Ismail</i>	283
Geophysical Characterization of Masbate Island, Philippines <i>Manalo, P.C., Dimalanta, C.B., Ramos, N.T., Queaño, K.L., Faustino-Eslava, D.V. and Yumul, G.P.Jr.</i>	295
